STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Bath qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose a town clerk, one selectman for three years, one trustee of the trust funds for three years, one library trustee for three years, a town treasurer, auditor, one or more highway agents, and all the other necessary town officers and agents for the year ensuing.

Article 2. To hear the reports of officers and agents heretofore chosen, and pass any vote relating thereto.

Article 3. To see how much money the town will vote to raise and appropriate for town officers' salaries and expenses; for the repair, maintenance and construction of highways and bridges; for the support of the town library; for the support of the poor; for the observation of Memorial Day and Old Home Week; and for all other necessary town charges and expenses for the ensuing year.

Article 4. To see what action the town will take in regard to securing state aid for highways, and to raise and appropriate such sums of money as may be necessary for that purpose.

Article 5. To see if the town will vote to raise and appropriate the sum of four hundred dollars for the control of White Pine Blister Rust.

Article 6. To see if the town will vote to appoint a committee to investigate the merits of a town forest and pass any vote relating thereto.

Article 7. To see if the town will vote to accept from Josephine Smith Lang the sum of one hundred dollars in trust, the income from said fund to be used for the perpetual care of the Asa P. Smith lot in the Bath Village Cemetery.

Article 8. To see if the town will vote to accept from the four grandsons of Daniel Whitcher the sum of two hundred dollars in trust, for the perpetual care of the Daniel Whitcher lot in the Bath Village Cemetery, and also, if the income will permit, for the perpetual care of the Francis Knight lot in said cemetery. The principal of said fund to be kept intact and the income only to be used for said purposes.

Article 9. To see if the town will vote to accept the sum of fifty dollars in trust, to be known as the Rosina A. Child Trust Fund, the income from said fund to be used for the perpetual care of the Child lot in the Bath Village Cemetery.

Article 10. To see if the town will vote to raise and appropriate the sum of one hundred and fifty dollars per year for ten street lights to be located and maintained in the village of Swiftwater.

Article 11. To see if the town will vote to authorize its selectmen to make contracts for electric current in such amounts as in their judgment seems for the best interests of the tax-payers.

Article 12. To see if the town will vote to discontinue the highway leading from the foot of the hill on the South Landaff Road, near the James E. Peters farm, to the Amos Wilson Road turn on the said highway.

Article 13. To see if the town will vote to discontinue the highway leading from the Wilson Bridge turn on the Bungay Road to the Amos Wilson farm, now owned by Harry D. Whitcomb.

Article 14. To see if the town will vote to discontinue that part of Bungay Road, so-called, extending

from the turn near the Swiftwater School-house to the Wilson Bridge turn on said highway.

Article 15. To see if the town will vote to discontinue that part of Bungay Road extending from the Wilson Bridge turn to the point of intersection on the Bungay Road of the new highway now constructed across the lands of Fred P. Wells and Charles E. Drury.

Article 16. To see if the town will vote to dispense with the delivery of inventory blanks until April first.

Article 17. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 15th day of February, A .D. 1929.

GLENN H. THAYER,
ROY L. CLOUGH,
DAVID S. REED,

Selectmen of Bath.

In June, 1 dozen geraniums were purchased with money collected from a food sale and put onto the window sills of the library, which bloomed profusely through the summer, which added much to the cheerfulness of the reading-room. At the end of the Summer a part of the flowers were sold, and the remainder were given to the primary school.

A picture has been hung in the reading-room of the library of Miss Sarah Porter, who went from Bath, and served as army nurse, through the Civil War. This picture was contributed by Annie Hibbard, and framed with money collected from sale of plants.

Another picture has also been added to the reading-room, of General John Bedel, who served in both the Mexican and Civil wars. This picture was enlarged from a small one, loaned by Mrs. J. W. Foster. The work was done at the White Mountain Studio, and is a fine piece of work, considering the condition of the old picture.

Another picture has been contributed by Charles W. Jackman of his uncle, D. K. Jackman, who owned and lived in what was once known as the Payson House, and is now the Colonial Inn.

BESSIE F. RANDALL, Librarian.

AUDITOR'S REPORT

I have examined the books of the Selectmen and found the figures properly cast with proper vouchers.

The books of the Trust Funds have been examined and found correct, also the Library and Town Clerk's books.

MARTHA BEATTIE, Auditor.

Bath, N. H., February 12, 1929.

SCHOOL REPORT

BATH TOWN SCHOOL DISTRICT

Report of the Superintendent of Schools

To the School Board and Citizens of Bath Town School District:

I herewith offer for your consideration my eighteenth annual report.

The registration for the present school year with the name of the teacher follows: Carbee, 17 pupils, Helen Manchester; Hibbard, 11 pupils, Christine F. Gibbons; Nutter, 15 pupils, Margaret Cyr; Pettyboro, 13 pupils, Doris L. Noyes; Swiftwater, 36 pupils, Mrs. Aileen Kecy. Of the 93 enrolled 87 are actual members as this is written February 1, 1929. This is 10 more than at this time last year. In addition Bath pays the tuition of two pupils at Benton Street, two in the Woodsville Grades, three in Woodsville High, two in Lisbon High, three in Bath Union grades, and eleven in Bath Union High. There are three pupils from Landaff enrolled at Nutter and three from Haverhill at Swiftwater.

Four of the five teachers are Normal school graduates. From now on there will be an ample supply of fully trained teachers to fill all vacancies in the state. This will mean on the whole better and more systematic instruction and a wider range of interests for the children.

Fourteen pupils were neither absent nor tardy during the year. These were: Arthur Arsenault, Charles Arsenault, Angus Campbell, Alice Chamberlin, Carroll Foster, Joseph Lamarre, Harry Poor, Henry Welch, Elsie Young, Isabelle Young, Roscoe Young, Viola Young, Walter Young, and Zelene Young. The attendance record for the year ending June 30, 1928 was somewhat better than for 1926-27. The per cent of av-

erage attendance was 95.6 with 86 tardy marks and 5 days lost for bad weather, institutes and holidays. The loss of one week out of thirty-six for any reason is hardly in accord with the traditional New Englander's idea of thrift. This situation is being corrected in many districts by making contracts with teachers for 180 days in the school year.

Those finishing the work of the elementary school in June 1928 were Kathleen Chase, Margaret Johnson, and Zelene Young. All three of these pupils had an excellent record for scholarship. All entered the Bath High School.

The record of visitors in all schools for the year indicates the proper interest on the part of the public. There were 418 visits. The superintendent was credited with 86 visits.

Few repairs have been made this year. Quite extensive repairs are needed at Swiftwater as was mentioned in last year's report. The other buildings are in fair condition, though more light is needed at Pettyboro. The new ventilating heaters have proved very satisfactory. They give a much more even heat than the furnace at Carbee.

Any increase in the enrollment at Swiftwater will necessitate the employment of two teachers. The girl's entry could be adapted for use as a recitation room without great expense. An alternative might be to transport a group to the Nutter school where there is room at present. The chances are good that the enrollment at Swiftwater will lessen rather than increase, in the near future.

Respectfully submitted,

NORMAN J. PAGE.

BUDGET FOR 1929-1930

School District of Bath

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1929.

BATH UNION SCHOOL DISTRICT

Report of the Superintendent of Schools

To the School Board and Citizens of Bath Union School District:

For the current year there are 25 pupils registered in the high school, 21 in the grammar room and 34 in the primary room. Bath town pays tuition of eleven pupils in the high school and three in the grades.

Five pupils completed the work of the elementary school in June, Blanche Estes, Elizabeth Houston, Bernard Tewksbury, Roscoe Whitcomb and Mildred Woods. All entered the high school. There were no graduates from the high school.

The attendance record was less satisfactory than for the preceeding year. The average percent for all schools for the year was 93.5 with 100 tardinesses and 6 days lost for various causes. Seven pupils had a perfect record for attendance, Norman Bean, Roland Campbell, Perry Dyke, Bernice Estes, Howard Estes, Horace Woods, and Nellie Woods.

Miss Olive B. Christie has taken the place of Florence Ward who resigned to accept a better position. Miss Christie has fitted finely into both the work of the school and the social life of the community. All of the teachers display a most earnest and self-sacrificing spirit towards whatever may be of advantage to the school or to the community. They richly deserve at the hands of parents, citizens, and community the reward of free and hearty commendation for the excellent work they are doing both in school and out.

I call your attention to the full and interesting report of Headmaster Black. I would have you note particularly the fine professional spirit shown by Miss Sargent, Mrs. Chase, and Mr. Black in devoting the larger part of their vacation in preparation for better service

for the boys and girls of Bath; the characteristic generosity shown by Mr. Blandin in making possible a full sized playground for the school; and the practical co-operation of the students and Mr. Black in installing electric lights in the school at a minimum cost to the district.

There are still needs which should be met by the community in order that the plant may be run as efficiently as possible, a basement protected from the outside cold, retinting of inside walls, an improved path up the hill. These and other improvements will come in due time.

Respectfully submitted

NORMAN J. PAGE.

REPORT OF THE HEADMASTER

To the Superintendent of Schools:

Sir:

I hereby tender my report as Headmaster of the Bath Union High School.

The Bath Union High School began its school year September 10, 1928 with a total enrollment of 26 pupils, 13 boys and 13 girls. This enrollment has been decreased to 25 by the resignation of Frances Smith four days after school opened. The enrollment at the close of school June 14, 1928 was 20, 12 boys and 8 girls. Of this number three members did not return. Cecil Tupper was transferred to Winstead, Conn.; Norman Bean, to Phillip Exeter; and Viola Carleton went to work in Vermont. The new members of the Freshman class are: Bernard Tewksbury, Blanche Estes, Kathleen Chase, Elizabeth Houston, Margaret Johnson, Roscoe Whitcomb, Mildred Wood and Zelene Young; and of the Junior Class, Alvah Chase. There are 11 tuition pupils, 7 from Swiftwater and 2 from Nutter Districts. The graduating Senior class this year will consist of

Darrell Arsenault, Marjorie Chappell, Edna Dyke, Morrill Gilbert, and Edward Poor.

The attendance at Summer School on the part of the teachers of the Bath Union Schools was excellent. W. D. Black attended the course given at Plymouth Normal School in order to learn newer and better methods of teaching and also to prepare for the State Teachers' Certificate Examinations in August. The training was an inspiration to do better teaching and also enabled him to secure his permanent Teachers' Certificate. Mrs. Ellen Chase took an intensive course in Education at the University of New Hampshire. She returned to school this September full of new ideas and with renewed inspiration to pass them on to her classes. Miss Sargent also attended the Summer school at Plymouth Normal School, where she did serious work in Education and Drawing.

Thus it is to be expected from the above experiences that the scholarship and instruction of the pupils in and preparing for high school should be even better than that of last year. As far as is practicable supervised study and socialized recitation with the subject matter divided into topics are the new methods being employed. Although much of this work is done during school hours it is expected and urged that it be supplemented by necessary work at home. Cooperation between the home and the school means that the teacher is an assistant-parent during school hours and that the parent is an assistant-teacher during the evening hours. It is the parents' duty to budget the child's time so that neither chores nor the home study be neglected.

It is the aim of education to train the pupils to become useful citizens. To this end is the socializing of student activities and studies directed. In addition to the socialized recitations in the curriculum, three extra-curriculum activities have been added this year. The Student Council, with its officers, parliamentary proced-

ure, and student participation in school duties, intends to prepare the student for the duties of town government. The Science Club meets alternate weeks with the Literary Club, and each pupil is a member of both clubs. W. D. Black is adviser to the Science Club and guides it in its discussions of scientific topics, which are of current interest. Mrs. Chase advises the Literary Club in the choice of and the discussion of literary topics and helps the pupils in their plays and socials. Character traits and ideals are discussed weekly in each Club towards the end that a citizen is not useful unless he is intelligent, possesses good health and is social and moral in character.

The school and community are very grateful to Mr. A. N. Blandin for his generous gift of the plot of land adjacent to the northern boundary of the school grounds. This addition will make possible an ideal base ball field and will eliminate the losing of balls and the possible loss of life in the river. The only stipulation made by Mr. Blandin is that a row of maple trees be planted along the new boundary. Other improvements to the appearance of the school grounds will be made this Spring.

Certain improvements also have been made to the school building, but more remains to be done. As soon as labor becomes available the cellar windows will be made winter-proof and the fallen plaster will be replaced. The greatest and most appreciated improvement is the electric lights which were suggested in last years' report. When the lights were not installed during vacation, the Physics Class, combined Senior and Junior Classes, made that their major project in connection with the study of Electricity. By the end of the first term, Dec. 1st., the regular course in Electricity had been completed, plans drawn to scale, specifications made, material ordered and the wiring completed. Delay in receiving material delayed the formal use of

the lights until New Year's Eve, when a school party celebrated the event. The new lights with indirect lighting units are very attractive and most useful. Many thanks are due to Mr. Walter Chase who not only was an inspiration to the pupils but also secured all the material at wholesale prices and inspected the work so that it complies with the Underwriters' Code. The total cost to the School Board was \$52.58 which includes \$22.58 spent for wiring materials, sockets and switches; and \$30.00 for the seven indirect lighting units. There is a total of 14 outlets which makes the unit cost for the \$22.58 of actual wiring \$1.61 per outlet. The labor of the Physics Class and the services of Mr. Chase represents the difference between this unit cost and the local cost of \$5.00 per outlet. The Athletic Association has paid for the electric light bulbs and sundries to the amount of \$8.00

The facilities of the play ground were improved last Spring by the erection by the boys of the schools of a wire back-stop, 150 feet long by 10 feet high, along the brink of the river bank, in order to prevent the loss of balls and consequent danger of drowning. This screen also serves as a back stop for the tennis court which was built parallel to it. Considerable time and expense were spent on the tennis court and it is hoped that increased interest in tennis may come some time in the future.

The base ball season was very short last Spring and not at all successful due to the lack of pitcher material. It is expected that the more mature boys this year will insure a successful season.

Basketball has been the most popular sport as in the past. Four out doors courts were in daily use until cold weather made indoor play necessary. The boys' and girls' teams are superior in ability to those of last year, due to experience and maturity. They are having a successful season in spite of the fact that very

few games have been won. They are playing their best in every game and none of the scores are to be ashamed of when the opponents are considered. They play for the love of the game, and in losing they are always good sports. Basketball games at home have not contributed enough money to pay all expenses. Financial aid has been received from various socials and the play, "Not quite such a goose," which was given by the Junior Class under the able direction of Mrs. Chase.

The usual interest in school affairs has been shown by the parents and friends of the school. This has been shown by the occasional visits to the school and by the attendance at the Christmas Party, which was held in the town hall in order to better stage the "Nativity" play and to accomodate a larger audience. There has been a fine spirit of cooperation between the former teachers, Mrs. Chase and Miss Sargent and the new teacher, Miss Christie. Both the School Board and Superintendent Page have done everything possible to further the interests of the teachers, the education of the pupils, and the wishes of the parents.

Respectfully submitted,

WALLACE D. BLACK, Headmaster.

BUDGET FOR 1929-1930

Bath Union School District

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1929.

Detailed Statement of Expenditures

*Support of Schools

	High	Elementary	Total
